

Petition Opposing the Tennis Center Expansion in South Austin Park

We are opposed to the proposed South Austin Tennis Center expansion that threatens South Austin Park.

South Austin Park is an invaluable resource to the entire Austin community; it provides the opportunity for a diverse array of activities for the community to enjoy. Taking away community parkland for tennis court expansion will limit park functionality. Open green spaces are rapidly diminishing in Austin; carving up a neighborhood park and the adjacent recreation center property with over 86,000 sq. ft. of impervious cover for a single-use facility in an increasingly densely populated area is not in alignment with Austin’s design and development policies nor with "smart growth" goals such as protecting inner city green spaces and quality of life. Degradation to South Austin Park due to the proposed expansion of SATC would create a ripple effect felt throughout the entire West Bouldin Creek Watershed.

Please do not allow the proposed expansion of the South Austin Tennis Center to dramatically diminish our invaluable and irreplaceable South Austin Park!
